

Friday 10th February 2023

Dear SGS Forest families,

I hope this letter finds you safe and well.

Academic progress

We will be sending home an academic progress report for each student in Years 7 to 10 next week. (Year 11 had theirs earlier in the term, with their first set of mock exam results).

The reports will show whether or not your child is making expected progress in each subject, as well as teacher's judgement of your child's attitude to learning.

There will be opportunities to discuss your child's progress with their teachers at parent and carer evenings during the rest of the academic year, beginning with Year 9 on Thursday 23rd March.

Year 11

Nearly all of Year 11 attended last weekend's revision residential. Miss Dashfield and the other staff were really impressed with students making the most of this opportunity to study and have fun.

As part of our provision for Year 11, options subjects will be inviting specific students to attend Wednesday Period 7 sessions.

The second set of mock exams begins on Monday 13th March. More information to follow.

Dates

Please remember that school finishes for this term at 3pm (Years 7 to 10) and 4pm (Year 11) next Thursday, 16th February.

We are closed to students on Friday 17th February for a staff training day.

We reopen to all students as normal for an 0830 start on Monday 27th February.

Thank you for your continued support.

Alan Dane
Headteacher
