Any breach of this policy could, therefore, result in disciplinary proceedings. Any member of staff who considers that this Policy has not been followed, should raise the matter immediately with their line manager.

4. Principles

When Processing Personal Data, SGS Academy Trust staff will adhere to the following principles at all times:

Principle 1: **Lawfulness, Fairness and Transparency**

Personal Data shall be processed lawfully, fairly and in a transparent manner in relation to the Data Subject. This means, SGSAT will tell the Data Subject what Processing will occur (transparency), that the Processing will match the description given to the Data Subject (fairness), and that processing will be for one of the purposes specified in the applicable Data Protection regulation (lawfulness).

Principle 2: **Purpose Limitation**

SGSAT shall only collect Personal Data for specified, explicit and legitimate reasons and will not further process data in a manner that is incompatible with those reasons. This means SGSAT will aim to specify exactly what the Personal Data collected will be used for and limit the Processing of that Personal Data to only what is necessary to meet the specified purpose.

Principle 3: **Data Minimisation**

SGSAT will endeavour to ensure that Personal Data is adequate, relevant and limited to what is necessary in relation to the purpose and reasons for which it is processed. This means SGSAT will not store any Personal Data beyond what is strictly required.

Principle 4: **Accuracy**

Personal Data, held by SGSAT, shall be accurate and, kept up to date. This means SGSAT will maintain processes for identifying and addressing out-of-date, incorrect and redundant Personal Data.

Principle 5: **Storage Limitation**

SGSAT shall keep Personal Data in a form which permits identification of Data Subjects for no longer than is necessary for the purposes for which the Personal Data is/was Processed. This means SGSAT will, wherever possible, store Personal Data in a way that limits or prevents identification of the Data Subject.

Principle 6: **Integrity & Confidentiality**

SGSAT shall only process Personal Data in a manner that ensures appropriate security of that data, including protection against unauthorised or unlawful Processing, and against accidental loss, destruction or damage. SGSAT will use appropriate technical and organisational measures to ensure the integrity and confidentiality of Personal Data is maintained at all times.

Principle 7: **Transferral**

SGSAT will only transfer Personal Data to third parties, under contract, when necessary to provide services to our staff and customers or when required to do so by law. SGSAT will never sell personal data or allow Personal Data to be transferred to a country outside the European Economic Area, unless that country has equivalent levels of protection for personal data.

Principle 8: **Accountability**

The Data Controller shall be responsible for and be able to demonstrate compliance.

5. **The Collection of Personal Data**

SGS Academy Trust will only collect Personal Data about a Data Subject if our Mission and the nature of our business purpose necessitates its collection; or if collection is necessary in emergency circumstances in order to protect the vital interests of the Data Subject or to prevent serious loss or injury to another person.

Personal Data will only be collected from the Data Subject or other public bodies. If Personal Data is collected from someone other than the Data Subject or another Public Body, SGSAT will inform the Data Subject. Except where the personal data, collected from someone other than the Data Subject, is collected 'en masse', with a sound legal basis and the effort needed to inform all Data Subjects is disproportionate. Decisions relating to proportionality must be reviewed by the Data Protection Officer.

Data Subject Consent

SGS Academy Trust will only obtain Personal Data by lawful and fair means and, where appropriate with the knowledge and Consent of the individual concerned. Where a need exists to request and receive the Consent of an individual prior to the collection, use or disclosure of their Personal Data, SGSAT is committed to seeking such Consent.

Where consent is required SGS Academy Trust commits to:

- **Making appropriate disclosures** to the Data Subject in order to obtain valid Consent;
- **Ensuring the request for consent is presented in a manner which is intelligible** and in an easily accessible form, using clear and plain language;
- **Ensuring the Consent is freely given** (that is: not based on a contract that is conditional to the Processing of Personal Data that is unnecessary for the performance of that contract); and,
- **Providing a simple method for a Data Subject to withdraw their Consent at any time.**

In all instances where Consent is sought, it will be: Documented by date, method and content of the disclosures made, as well as the validity, scope, and volition of the Consents given; and the Schedule 2 Checklist will be completed.

Where it is not possible to fully identify the purpose of personal data processing, for example where that processing is for academic or scientific research purposes, data subjects shall be allowed to give their consent to processing 'in keeping with recognised ethical standards for research'; however such consent is limited only to areas of research or types of processing allowed by the intended purpose.

Where consent is required for data collection of processing, SGSAT will require parental consent for anyone under the age of 16; and, the Designated Data controller in each School will take all reasonable measures to verify the validity of that consent by ensuring that it is given only by a parent or legal guardian.

Where a School's Designated Data controller has reason to believe that a child, under the age of 16, may object to their parent providing consent on their behalf; this must be referred to the appropriate Designated Safeguarding Lead and the Data Protection Officer for review.

6. **Notification of Data Held and Processed**

All staff, pupils and other users of the Academy Trust are entitled to:

- Know what information the Academy Trust holds and processes about them and why;
- Know how to gain access to it;
- Know how to keep it up-to-date; and,
- Know what the Academy Trust is doing to comply with its obligations under Data Protection legislation.

7. Data Use (General Processing)

SGSAT uses the Personal Data it collects for the following broad purposes:

1. The general running and business administration of the Trust;
2. To provide services and support to SGSAT customers, and monitor the ongoing administration and management of customer services;
3. To advertise, promote, inform and market to stakeholders, prospective customers and the general public the services offered through SGS Academy Trust and SGS Group;
4. To monitor a range of activities including performance, achievements and health and safety; and,
5. To ensure compliance with legal obligations to regulatory, awarding and funding bodies and to Her Majesty's Government.

SGS Academy Trust will always consider the use of a Data Subject's personal information from their perspective and whether its use is within their expectations or if they are likely to object.

In other words, if we believe an individual might object to our processing of their personal data, we will not undertake any such processing without legal justification or express consent.

In any circumstance where Consent has not been gained for specific processing SGSAT will address the following additional conditions to determine the fairness and transparency of that processing, beyond the original purpose for which the Personal Data was collected:

- Any link between the purpose for which the Personal Data was collected and the reasons for intended further Processing;
- The context in which the Personal Data was collected, in particular regarding the relationship between Data Subject and the Data Controller;
- The nature of the Personal Data, in particular whether Special Categories of data are being processed, or whether Personal Data related to criminal convictions and offences are being processed;
- The possible consequences of the intended further Processing for the Data Subject; and,
- The existence of appropriate safeguards pertaining to further Processing, which may include Encryption, Anonymisation or Pseudonymisation.

8. Data use (Necessary Processing)

SGSAT will only Process Personal Data where that processing is a necessary, targeted and proportionate way of achieving the Academy Trust's Mission.

- The Trust's lawful basis for processing Personal Data in respect of enrolment, funding, awarding body registration, teaching, learner support, performance monitoring and research is that the processing is necessary for each school within the Trust to perform a task in the public interest and for its official functions; these tasks and functions have a clear basis in law.
- The Trust's lawful basis for processing Personal Data in respect of alumni relations, internal events, fundraising purposes, direct marketing and marketing research is the pursuit of the Academy Trust's legitimate interests. (This includes the intra-SGS Group transfer of data for administrative purposes, where those purposes are not detrimental to the rights of the Data Subject)
- SGS Academy Trust has a lawful basis for further processing, where that processing assists the Academy Trust in achieving its Mission and is compatible with the purpose for which the data was initially collected.

- SGS Academy Trust will further process Personal Data for archiving purposes in the public interest and for research and statistical purposes.
- The Processing of Personal Data in respect of keeping children safe in education is a legal obligation under the Education Act 2002.

This information is shared for the purpose of educational attainment monitoring. Information shared with the Fisher Family Trust is subject to a data-sharing agreement for schools using Aspire and is covered through the end user license agreement, which is aligned to the UK GDPR.
- When undertaking any major project, concerning the Processing of Personal Data, or considering processing that is likely to result in a high risk to individuals' interests. SGSAT will undertake a Data Protection Impact Assessment (DPIA); and the Schedule 5 checklist will be used to determine if a DPIA is required.

9. Special Categories of Data

SGSAT may process Special Categories of data (also known as sensitive data) where such processing is necessary for compliance with a legal obligation to which the SGSAT is subject; or, where processing is necessary for the performance of a task carried out in the public interest; or in the exercise of official authority vested in the controller. Processing of special category data may also be carried out where it is necessary for the purposes of the legitimate interests pursued by the SGSAT or by a third party **and** that processing is necessary for reasons of substantial public interest.

Example conditions of substantial public interest:

Schedule 1 of the Data Protect Act 2018, paragraph 8: processing for the purposes of identifying or keeping under review the existence or absence of equality of opportunity or treatment between groups of people specified in relation to that category with a view to enabling such equality to be promoted or maintained; and,

10. Marketing

As a general rule SGSAT will not send promotional or direct marketing material to an SGSAT Contact through digital channels such as mobile phones, email and the Internet, without first obtaining their Consent. If consent is sought the Schedule 2 Checklist will be completed.

Any request to carry out a digital marketing campaign or internal event without obtaining prior Consent from the Data Subject must first have it approved by the Data Controller, in consultation with the Data Protection Officer.

Where Personal Data Processing is approved for digital marketing purposes, the Data Subject **will be informed at the point of first contact that they have the right to object, at any stage, to having their data Processed for such purposes.** If the Data Subject puts forward an objection, digital marketing related Processing of their Personal Data will cease immediately and their details will be kept on a suppression list with a record of their opt-out decision, rather than being completely deleted.

It should be noted that where digital marketing is carried out in a 'business to business' context, there is no legal requirement to obtain an indication of Consent to carry out digital marketing to individuals provided that they are given the opportunity to opt-out.

In general, the Trust will keep information about staff for seven years after a member of staff leaves the Academy Trust. Some information, however, will be kept for much longer. This will include information necessary in respect of pensions, taxation, potential or current disputes or litigation regarding the employment and information required for job references. A non-exhaustive list of information and the Academy Trust's proposed retention time is contained with the Academy Trust's Information Asset Register.

Each Head Teacher will review their Information Asset Register annually and monitor the secure disposal of personal data.

Information held for longer than is necessary carries additional risk and cost – SGSAT will endeavour to ensure that Personal Data and Sensitive Personal Data is up-to-date and maintained for accuracy during the entirety of its retention.

25. Disposal of Data

Once the retention period has elapsed, the Academy Trust will ensure that any information is, suitably destroyed by secure means, i.e. by shredding or pulping.

Schedule 1: STAFF GUIDELINES FOR DATA PROTECTION

All staff will process data about pupils on a regular basis, e.g. when marking registers, writing reports or references, as part of a pastoral or academic or supervisory role.

The information with which staff deal on a day-to-day basis will be 'standard' and will cover categories such as:

- General personal details such as name and address;
- Details about class attendance, course work marks and grades and associated comments;
- Notes of personal supervision, including matters about behaviour and discipline.

Staff should **AVOID** processing 'special category data', that is: Personal Data pertaining to or revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, trade-union membership; data concerning health or sex life and sexual orientation; genetic data or biometric data.

Where processing special category data is unavoidable, it must be anonymised

- Staff **MUST** be able to prove the lawfulness for processing (Article 6 GDPR); and,
- Identify a lawful reason for processing it (Article 9 GDPR)

All staff have a duty to make sure that they comply with the Data Protection principles. In particular, staff must ensure that records are:

- only disclosed as allowed for within the Act
- accurate;
- up-to-date;
- fair;
- kept securely and disposed of safely in accordance with the Academy Trust Data Protection & Retention Policy.

Staff Checklist for Recording Data

- Do you really need to record the information?
- Has the pupil been told that the data will be processed?
- Are you authorised to collect/store/process the data?
- If yes, have you checked with the data subject that the data is accurate?
- Are you sure that the data is secure?
- If you do not have the data subject's consent to process, are you satisfied that it is in the best interests of the pupil or the staff member to collect and retain the data?

Staff Checklist for Disclosing Data

There are some recommended ways of dealing with requests for personal data.

- When dealing with enquiries by telephone it is good practice to offer to call back to a telephone number that is registered on Academy Trust systems to ensure some measure of authentication or perhaps send them the information by email or letter to an address previously registered with the Academy Trust
- When dealing with enquiries direct in person, provide identification or verify through photograph held on the Academy Trust system
- Any third party requests for information must be authorised in writing by the subject and their signature must be checked with the Academy Trust records

You should always take care to prevent the inadvertent disclosure of personal data (for example a pupil's attendance at the Academy Trust) to unauthorised parties.

Enquiries from Police and other Agencies should be referred directly to the Head Teacher of the relevant school and should be accompanied by a "Declaration Form for Data User".

If you are not sure, you should contact a designated Data Controller for clarification.
