### YEAR 7 CATCH-UP PREMIUM

The Year 7 Catch-up Premium has now been discontinued. The catch-up funding that we received for 2019-20 was spent in line with the five strategies identified in our plan (see below). Due to the Covid-19 lockdown and prolonged school closure, we were not able to carry out normal assessments in April or July this year. However, the strategies had already had a considerable impact by the end of Term 4. Of 18 pupils that our Reading support TA was able to assess before our early closure, 10 had made at least one year's progress in reading over just two terms.

#### Year 7 Catch-up intervention programme for 2019-2020:

Support Strategy	Success Criteria	Cost and Impact
Whole school phonics training for staff	Staff will increase their subject knowledge Staff will feel more confident to deliver high quality sessions Pupils will increase their phonics knowledge, and subsequently, their reading and spelling levels	£300 Impact to be measured in April and July 2020
Access to reasoning test to identify students who will need additional support with reasoning skills (Maths)	Identification of students who will need additional support, and targeted support is put in place Pupils will increase their reasoning skills	£376 cost of tests Impact to be measured in April and July 2020

<p>Increase the range of reading books on offer to the pupils, both through the Bug Club scheme and general reading books</p>	<p>Pupils will have a greater range of books to enjoy  Pupils will become more motivated to read  Reading levels will increase</p>	<p>£1000  Impact to be measured in April and July 2020</p>
<p>Commission a Dyslexia Support Teacher to carry out dyslexia assessments</p>	<p>Pupils with dyslexia identified  Pupils with dyslexia supported with their learning in a targeted way</p>	<p>£450  Impact to be measured in April and July 2020</p>
<p>Reading support LSA to deliver 1.1 reading intervention 0.4 of the week</p>	<p>Pupils who need reading boost will be supported  Reading levels will increase  Assessments will be carried out</p>	<p>Cost LSA salary x 2 days  Impact to be measured in April and July 2020</p>
